

Subject: Modifications to the reception conditions of ships

It is brought to the attention of the shipowners, the consignees and users of the port of Dakar that the conditions of reception of the ships are limited to cope with the spread of COVID-19.

Thus, all ships bound for the port of Dakar will now have to send by email 72 hours before their arrival, to the harbor master's office capitainerie@pordakar.dn and to the sanitary control service at the maritime borders csfmsn@gmail.com

- the list of the ten last 10 ports of call:
- the maritime health declaration:
- the crew list, specifying the date and port of embarkation for each member of the crew

All ships coming from areas affected by COVID-19 will be boarded by roads by officers from the sanitary control service at the maritime borders, who will give free circulation before the ship enters port.

I attach the price to scrupulous compliance with this circular, which will take effect from the date of signature
