

Inmans Primary School Reading Journey

The aim of our reading journey is to provide an extensive list of books which staff can apply to their own long-term plans. These are books to use as class reads, study books for writing and whole class reading, recommendations for reading corners or for extracts (taken from them to look at in greater detail). The intention is that by the time they reach year 6 and beyond, they have developed a wide, rich vocabulary and broader knowledge of the world and, as a result, are able to access the more complex books expected of them in secondary schools. It should be noted that book and text selection in school not only considers narratives and poems but also recognises that a good balance of topic-appropriate non-fiction should also be read to help further develop children's background knowledge of the subject they are studying.

Please Note: We have included non-fiction texts including poetry anthologies for each term to add to your guided reading list. These will support the development of background knowledge and provide additional reading for those children who enjoy high quality texts and poetry. One book has been recommended for each term, across the following subjects: science, history, geography, RE and PSHE. All the books promote how the text and pictures can work together to provide comprehensive information and an enjoyable reading experience whilst broadening knowledge, vocabulary and experience of the world.

All these books have been selected to add to your reading journey through recommendations: National Literacy Trust, The Book Trust, Pie Corbett as well as consideration for areas of learning covered in the curriculum (geography, science, and history, RE etc...) to encourage wider reading.

This is an ever-evolving document which will consider newly released books and recommendations from the teaching profession

Year 1
