

Risk Warning

for CFDs in Cryptocurrencies

The Company wishes to inform its clients that prior to investing into CFDs on Cryptocurrencies, they should be aware of the following:

Trading CFDs on Cryptocurrencies should be exercised with caution as these products are complex, extremely risky and usually highly speculative.

Derivatives on Virtual Currencies like CFDs on Cryptocurrencies entail a high risk of losing all the invested capital and the values of such products are subject to extreme price volatility and hence may result in significant loss over a short period of time.

Derivatives on Virtual Currencies are not appropriate for all investors, and as such, customers should not engage in trading in relation to such products if they:

- a) Do not have the necessary knowledge in this specific product,
- b) Cannot bear the loss of the entire invested amount

Customers must be fully aware of, and understand, the specific characteristics and risks in relation to these products.

Any fees, costs and roll over fees (swaps) entailed when trading CFDs on Cryptocurrencies can be found on the Company's website, [here](#).
