With mounting pressure to deliver results, do you have the **space and structure** to improve how your EA aligns with business outcomes?

**Info-Tech's Enterprise Architecture Playbook provides that structure** – 12-step, road-tested system to improve how your architecture aligns with business outcomes.

EA is misaligned to business outcomes

A structured way to align technology with outcomes

Fragmented, legacy technology landscape

A system to rationalize and guide architectural decisions

**The Enterprise Architecture Playbook Summit provides that space** – a one-day virtual session to step back and apply the EA Playbook.

Leave with a clear understanding of your priorities.
