Time	Session Type	Session	Track	Role	Description
3:45 pm	ACTIVITY	CIO Agents: Taming Email at the Executive Level Speaker: Mahmoud Ramin	Agentic IT	CIO	Your inbox shouldn't run your day. Learn how to build three simple AI agents to manage your inbox. Analyze flagged emails, surface missing context, and draft responses in seconds. Build tools that can automatically route messages to the right person, and scan for missing decisions or next steps that are waiting on you or others, so nothing critical falls through the cracks.
3:45 pm	ACTIVITY	Lead IT Like a Business: From Cost Center to Value Engine Speaker: Tom Larson	Agentic IT	CIO	Get a clear and actionable playbook on how to allocate and control IT spend, communicate real business value to your organization's top executives, and turn IT finance into a competitive advantage for you and your team.
3:45 pm	ACTIVITY	Data Playbook Deep Dive: How to Systematically Achieve IT Excellence in Data & Analytics Speaker: Andy Neill	Agentic IT	CIO	In this interactive workshop, we'll dive deeper into the methodology behind the 12-step Data & Analytics Playbook and help you understand how to apply it to your unique environment. Participants will not only gain a deeper understanding of what each of the 12 steps means for them but will also leave with a prioritized roadmap to begin implementing the playbook and start transforming D&A from firefighting to forward-driving.
4:30 pm	TECHNOLOGY KEYNOTE	From Data as a Product to the Data Value Chain: Reframing How Organizations Create Value From Data Speaker: Andy Neill	IT Playbooks	Data & Analytics	This keynote challenges the dominant "data as a product" mindset, not by rejecting it, but by exposing why it so often fails to deliver meaningful enterprise value. Through the lens of the data value chain, this session explores where initiatives break down and how leading organizations overcome those gaps. This session gives leaders a clear, practical blueprint to move beyond data curation and into decisions, action, and outcomes.
5:00pm	CLOSING AND RECEPTION				
6:30pm	NETWORKING DINNER

8:00 am	NETWORKING BREAKFAST				
9:00 am	TECHNOLOGY KEYNOTE	Become an Exponential CIO Speaker: Davin Juusola	IT Playbooks	CIO	As technology increasingly shapes how enterprises operate and compete, many CIOs remain constrained by governance, funding, and metrics designed for a different era. This keynote challenges the assumption that the role must change through leadership alone, revealing how redesigning enterprise context and use of data and technology enables CIOs to move beyond firefighting and reliably shape enterprise-level outcomes.
9:45 am	ACTIVITY	CIO Agents: From Contracts to Action in Minutes Speaker: Mahmoud Ramin	IT Playbooks	CIO	IT leaders spend hours buried in contracts, policies, and technical agreements. Learn how to build a simple AI agent to rapidly analyze complex documents, flag key clauses, surface risks to automate repetitive document workflows and compress review cycles to free your team to focus on decisions, not paperwork.
9:45 am	ACTIVITY	EA Playbook Deep Dive: How to Systematically Achieve IT Excellence Speaker: Andy Neill	Playbooks	Enterprise Architecture	In this interactive workshop, we'll dive deeper into the methodology behind the 12-step EA Playbook and help you understand how to apply it to your unique environment. Participants will not only gain a deeper understanding of what each of the 12 steps means for them but will also leave with a prioritized roadmap to begin implementing the playbook and start transforming EA from firefighting to forward-driving.
9:45 am	ACTIVITY	The Security Playbook: Secrets & Steps to Systematically Achieve IT Excellence Speaker: Carlos Rivera	IT Playbooks	Security & Privacy	In this interactive workshop, we'll dive deeper into the methodology behind the 12-step Security Playbook and help you understand how to apply it to your unique environment.
