

OUR VISION AND MISSION STATEMENT

Learning, Growing and Succeeding Together

The school motto reflects our vision for the kind of place we want Broadfield Community Primary School to be. Broadfield is a cohesive community where cultural and linguistic diversity are valued and racism or harassment are not tolerated. We aim to create an environment where everybody feels safe, responsible, respected and valued. Our school is a people place where everyone works together to learn and achieve their potential. We endeavour to make school an exciting, happy place to be where essential experiences and opportunities are available to all. We want everyone to have ambition and commitment to their learning and to celebrate their successes. We want them to become reflective thinkers who know their own and the school's strengths and can identify areas for improvement. Everyone is encouraged to support others in their development towards becoming good citizens of the future.
