I can come to your site to do the training. To make it interesting for attendees and also cost effective, I ask for a minimum of 14 learners – maximum 20. If you would like me to do this, please email me suggested dates and I'll try my best to fit in with you.

Feel free to contact schools in your area to attend and I will do the same. Same costs and times apply. Again, cost and detail codes are needed to confirm the booking.

I will bring a laptop and projector, so just need a screen or blank wall to project onto. It's best for attendees if they have a table, as its easier for making notes and for the exam at the end.
