

Sodexo Vouchers

Sodexo vouchers are childcare vouchers that can be claimed for by any employee who works for certain establishments.

These Childcare vouchers are a Government initiative to help working parents pay for childcare. Vouchers are deducted from parents' salaries and both employers and parents save money, as the value of the vouchers is not liable for tax or NI contributions.

E-vouchers allow parents to transfer their payments straight into your bank account, so you don't have to worry about redeeming paper vouchers. Payment is fast and secure and you will receive payment notification via email.

Parents can redeem these vouchers to pay for any childcare provided by the governing body of a school as long as this childcare is outside the normal school hours of 8.45-3.15.

This entitles the parent to use them for our Breakfast & Afterschool clubs, including our Dance, Scuba, Cornish, Supasoccer in fact any club that is attending by their child outside of the school day. Parents can also access these vouchers for music lessons providing they are also outside of the school day.

For further information please contact your employer to see if they are part of the scheme or contact Sodexo directly using the email or telephone number quoted below.
