St Mary's
Church of England
Primary School

ETHOS STATEMENT

Recognising its historic foundation, the school will preserve and develop its religious character in accordance with the principles of the Church of England and its partnership with the church at parish and diocesan level. The school aims to serve its community by providing an education of the highest quality within the context of Christian belief and practice. It encourages an understanding of the meaning and significance of faith and promotes Christian values through the experience it offers to its pupils. At the same time, the school embraces those of all faiths and none, recognising the richness of the multi-culture of our parish and the children who attend the school. Those of all faiths and none will be respected, supported and affirmed. Through our curriculum, including Religious Education, and practical application of our gospel values we will ensure that children grow in knowledge and understanding, mutual respect and acceptance.
