SCHOOL
GOVERNORS

WHAT DO WE DO?

As the governing body we have a general responsibility for seeing that the school is run effectively and acting within the framework set by the legislation and the policies of the Local Authority. We oversee the running of the school in much the same way as a board of directors oversees a company.

The Headteacher is responsible for organising and managing the school and its staff and for taking any daily decisions. This is done within the guidelines set by the governing body.

The governing body represents interested parties such as teachers, the parents, the local authority and the community at large. We have special responsibilities for sound financial control, minimising, as far as possible, the impact of severe spending restrictions placed on the school by both local and national government. We also ensure that the quality of learning and conduct are upheld by drawing up policy documents in consultation with the Headteacher.

We meet regularly each term. We also meet as sub-committees to deal with finance and personnel issues.

The minutes of all our meetings are available for you to read at school. These are displayed in the reception area.

THE CHILDREN

Behind all this activity and apparent formality lies just one basic aim:

“To ensure that the children of Woodfield School receive the best possible education”

In order to do this we meet regularly with the head teacher.

There are 11 governors.

4 Parent Governors

1 Staff Governor

1 Teacher Governor

2 Local Authority Governors

2 Community Governors

The names of the current governors are detailed over the page.

HOW CAN WE HELP YOU?

The school governors are available to help on matters that concern or interest you, at any time.

The Headteacher is usually the first person to contact over any enquiry. You may feel the need to contact a governor at some time. If you do, then write to:
