

Anna Newnham

What people like and admire about me...
Funny, happy, easy going,

One Page Profile

What is important to me...

To have a good work life balance, so I can see family and friends.

To have a good night sleep so I am feeling fresh in the morning.

To be able to talk to someone about my day could be a colleague, friend or family member.

To be able to go home at the end of the day, cook dinner and relax.

To see my class progress, both academically and socially.

To be organized within school and home life.

How best to support me...

Just come say a friendly hello when you pass by.

Listen to my problems and help me find a solution.

If I look busy and am on my way somewhere, try not to give me a different task, as I will forget what I was originally doing.

If you ask me to do something please always write it down.

I don't always ask when I need support but appreciate advice.
