Dear Parent

After many years of consultation and planning, this September will see the exciting and historic occasion of the opening of St. Ronan's College, the new all-ability Grammar School for the children of our community.

St Ronan's College will provide our young people with an opportunity to be educated together in an atmosphere of mutual respect and equality and as an education community we are committed to this project. We confirm our support for the schools in our area and take this opportunity to assure you of our commitment to our local school.

We have created a forum where we will work together to make transition from Primary to Post Primary as smooth and stress free as possible for our pupils. We intend to share data, resources, training and expertise to provide the best possible opportunities for all of the young people in our care.

We reiterate our commitment to high quality learning and teaching in our schools without the need to promote or engage in selection in our schools. In the true spirit of our partnership, and consistent with DE Guidance, schools in our partnership will not be engaging in any form of formal preparation towards unregulated entrance tests.

We look forward to this new partnership and trust that you will continue to work with us to ensure a bright future for our young people and our community.

Yours sincerely
