

Kiwi School - Ethos and Values

We aim to create a safe, happy and welcoming environment where we celebrate diversity and know that we are all equally valued and respected as individuals.

We aim to create a climate which actively encourages children to develop social awareness, emotional intelligence and a sense of personal responsibility.

We aim to develop the whole child so that they leave our school as confident, independent learners and creative, critical thinkers.

We encourage high quality work through high expectations and try to instil a positive work ethic and a respect for honesty which will prepare our children for adult life.

We value the partnership between home and school and the wider community.

We aim to create a learning community, where everyone works together to realise this Mission Statement. We will do what we say we do.
