

How does the school know if children need extra help and what should I do if I think my child may have special educational needs?

We have rigorous monitoring in place that tracks the progress our learners make in all areas of the curriculum.

Our staff is vigilant at supporting and raising any concerns. We use data and other forms of assessment to identify additional needs and celebrate achievement. Monitoring is carried out regularly through progress meetings with the head teacher and class teachers.

Assessment details are updated half termly, and interventions are put in place if necessary. Parents/carers are encouraged to speak to the class teacher about any concerns they have.

We use the expertise from the learning support advisory team, who provides valuable advice to staff and parents on a regular basis.
