

## **How are parents involved in the school?**

We whole-heartedly believe in partnering parents in a two-way dialogue to support a child learning, needs and aspirations. Parents are a crucial part of a child's education and the wider success of our school. There are a number of ways to let us know your thoughts about our school:

### **Daily Contact**

Parents and carers bring the child into the school every day. This is a good opportunity to quickly mention something to class teacher relating to your child.

### **Make an appointment**

Sometimes you may wish to discuss an issue in more depth and we would ask you to either talk directly to your child's class teacher to arrange an appointment or contact the school office who will be more than happy to arrange a suitable time to come in.

### **Annual Parent Surveys**

We carry out annual general surveys to gauge parental opinion on the broader aspects of our school and assimilate these views in to our school development plan.

### **Parent View**

Ofsted have their own communication tool which allows parents to record their views about a school. We encourage parents to use this facility to record their views.
