

Mrs Hodgson

Foundation 1 Teacher

A little bit about me

I have just recently married my lovely husband Jack in Edinburgh. We are childhood sweethearts and have been together since we were 14 years of age.

We go jogging together on an evening and then Jack will cook our tea whilst I am doing some school work.

We love to go out for the day to the seaside, cinema and shopping!

I am lucky to live on the same street as my twin sister and around the corner from my mum which enables us to spend lots of girlie time together as we are a very close family!

Fun Facts

I have my own dressing room in our house to fit all of my clothes in!

I eat a large bar of chocolate each night.

I can't and won't cook.

I have my hot water bottle every night- even in the summer!

I am obsessed with cleaning!

My Hobbies

In my spare time my favourite thing to do is to get my pyjamas on, lay on the sofa, eat chocolate and watch a romantic film or read a romantic book!

I love to go shopping- which I do far too often! I love days out with Jack, my family and friends.
