# School Improvement Planning

School Improvement Planning is determined by a number of factors:

- Robust and effective School Self Evaluation
- Internal stakeholders views i.e. staff, parents/carers, governors and pupils
- External stakeholders views i.e. Local Authority (LA), Improvement Advisor, Ofsted
- The changing needs/fluctuations of the school setting

In order to constantly set a culture of high standards and pupil outcomes, the school must reflect and evaluate. Through a process of evidence-based Self Evaluation, Grange Valley views itself as a good school with many outstanding features. This is in line with both internal and external Quality Assurance.

The previous cycle of School Improvement Planning focused on the 3 core areas - High standards within a changing curriculum, challenge for all children to reach their full potential and implementing changes to assessment. The Key Priority Areas for the next phase of SIP:

- **Raise Standards in mathematics – Singapore approach**
- **Improve outcomes for identified groups – Y2 SEN/Nurture children, Y5, Y4 higher achieving boys in English, Y6 boys writing**
- **Further improve and embed assessment without levels**

## Roles and responsibilities

All teachers action plan and monitor the progress of their subject responsibility which feeds into the wider school development plans.

The committees of the Governing Body also monitor the School Improvement Plan and the Headteacher reports on the SIP through the Heads report to the Governing Body.

# School Improvement Priorities 2015-16

## 1. Raise Standards in mathematics – Singapore approach

- a. Ensure all pupils make outstanding progress from their starting points in mathematics
- b. Develop a relevant and appropriate Maths curriculum using the Singapore approach, focus on basic skills and mental strategies of computation
- c. Deepen learning for all children and develop Mastery through the Maths curriculum
- d. Further strengthen feedback, self-assessment and pupil voice to allow children to develop mathematical skills such as: reasoning, hypothesising and problem solving

## 2. Improve outcomes for identified groups – Y2 SEN/Nurture children, Y5, Y4 higher achieving boys in English, Y6 boys writing

- a. Further strengthen the emotional wellbeing provision for groups of children predominantly in Y2 and Y5 children in order for them to be achieve their full potential
- b. Provide additional support to ensure continuity for Y5 – Support NQT to ensure high standards of teaching and learning, clear routines are in place, maximise engagement of pupils and parents
- c. Further develop reading and writing provision to challenge Y4 boys to achieve better outcomes - Support NQT to ensure high standards of teaching and learning
- d. Further develop writing provision in Y6 to inspire boys writing

## 3. Further improve and embed changes to the curriculum and assessment without levels

- a. Further develop standardized assessments to: secure judgements for reading, further improve attainment in spelling and writing
- b. Provide further CPD and encourage PDP in understanding new assessments in all areas in order to further raise standards and identify next steps for children.
- c. To continue to refine the recording and analysis of data for all staff so that they can respond to children's needs quickly
- d. To encourage achievement throughout the school with independent learning and pupil self-assessment skills
- e. To provide and promote parent workshops to support understanding of new assessment and curriculum changes for children
