6th May 2016

Dear Parents, Carers,

We are finally enjoying the glorious weather that the summer term normally brings and, of course, this means that a lot of activities are taking place outside of the classroom, around the school site.

We take the health and well-being of our children very seriously and ask parents to send their children in with hats and to apply sunscreen to their children before they come to school, recommending that you use one that will last for up to 12 hours.

If you would like us to top up the cream for your child during the day, we will only be able to do this if you send their sunscreen (labelled with their name), in with them in their school bag with a note of authorisation of use from you.

We are fortunate in having outside areas shaded and all our children are encouraged, while they are outside during the school day, to seek shade, to wear hats and drink lots of water.

If you have any other concerns regarding the above, please do not hesitate to contact me.

Yours sincerely,

Susan Tod
