

## **ASHLEY CHURCH OF ENGLAND PRIMARY SCHOOL**

### **HOME-SCHOOL AGREEMENT**

#### **Our Vision**

“To provide a happy, caring, Christian environment where our children develop independence and self confidence whilst achieving their full potential.”

**At our school and in partnership with parents and our community,  
we aim to:**

Ensure all children experience success and reach their full potential by maintaining consistently high but achievable expectations.

Ensure children acquire the progression of skills necessary for them to become independent thinkers and learners.

Develop the ‘whole child’ in mind, body, spirit and imagination to ensure positive self image and self confidence are secure.

Promote the values of a Christian faith and help the children find their place in the communities and societies within which they live.

Ensure all members of the school community feel valued, happy and secure in their role within the school, regardless of ability, race, gender or creed.

Embed and share best sustainability practice in all that we do.
