

Mrs Freeman LSA

My Family

I live with my hubby and son Carl. They are both bikers and ride Sports bikes.

Carl is 24 and a massive Spiderman fan. He even has a Spiderman tattoo on his leg, which I hate! He loves Manga, Japanese comic books/films and is even learning Japanese.

My amazing daughter Lauren is 26 and lives in York with her partner. She has two degrees from York University and is just starting her career as a mental health nurse. She rings me most days for a natter and a catch-up.

I'm at my happiest when spending time with my family.

Fun Facts

I never ever iron anything – I don't even own an iron!

I have lots of 'Sheep' things, e.g. ornaments, coasters, cushions, slippers, cuddly toys from my kids.

I love Chai tea and Chai lattes.

My Hobbies

I love reading British crime thrillers on my Kindle. My favourite authors are Mark Billingham and Tanya Carver. I like watching soaps like Emmerdale and reality TV (Made in Chelsea). My hubby and I love to regularly visit the east coast especially Robin Hood's Bay and Whitby, for long coastal walks, rock pooling and fossil hunting.
