Great Britain or a United Europe?

Dear Parents/Carers

This term our project is about looking at Great Britain or choosing a country in United Europe to research and present a project. You can pick one country or you could compare Great Britain to another country—is it different or are there any similarities? Is it good to be in a United Europe or not?

Here are some ideas:

- Make a poster.
- Make a map.
- Look at the cultural aspects—food, customs or language.
- Make a film/power point.

We really hope you enjoy working with your child and look forward to seeing all your amazing projects on Monday 5th December.

Good Luck!

Ms Saddington
