

# Dalton St Michael's C.E. Primary School

Newsletter 6

October 14th 2016

Mrs Britton's class have completed a range of scientific investigations this week. One activity, which Niamh and Harriet completed, was investigating the saturation point of salt in water. The practical work really supported their scientific understanding.

## Stars of the Week

Reception: **Lilia** for being such a brilliant friend

Year one: **Jacob** for being so kind to the Reception children at playtime

Year two: **Joel** for taking away two 2 digit numbers

Year three: **Bessie** for being a hard-working mathematician and using the column method to add 3 digit numbers

Year four: **Deacon** for saying kind things about his friend's homework projects and celebrating their success

Year five: **Niamh** for great scientific answers whilst investigating materials

Year six: **Elijah** for improved concentration and focus in class particularly with writing

In the Early Years, the children have been exploring the leaves found in the school grounds.

Toby was thrilled with his leaf picture.

In gardening club this week the children used leaves to identify some of the trees around the school building. It was quite surprising how many different types of trees we have.

They collected the leaves and made some imaginative leaf creatures.

## Attendance

Class 1 with 99.38%

## Next Week

Parents evening on Wednesday from 3.15pm to 6.15pm.

Please make an appointment if you have not already done so.
