

Bishopstone C.E. Primary School

Dear Parents

'Spotacular Children in Need' is fast approaching. The children have come up with, as always, a range of ideas for the school to be involved in.

Firstly it is a non-uniform day, spots galore if they wish, or just non-uniform if they don't! If they want to go wild with funky hair then the 'funkier' the better!

In the afternoon we will be having a go at some 'bear' themed activities:

Beardom – They will be working in small teams to create a game that will stop the bears from getting bored. They will be given a set of resources and then their imagination is the only limiting factor. This will be all about team work, taking leadership, sharing of ideas . . . winning team will get mega points for their school house!

Bearnecessity – Children will have to design one item that their bear would take with them to an Island, drawing it and writing the reason why they would take that item with them. House points for the winning art entry.

We're going on a Pudsey bear hunt – Children will be in their house teams and set a challenging obstacle course in the village hall. This will involve them having to scramble the whole team over and under, through and around, without any member of their team touching the floor . . . solving riddles on the way for extra house points.

All donations are welcome and the money raised will be counted up by the School Council before being banked into the official Pudsey account.

Best Regards

Miss Lindsay and the School Council
