

WEEK	OBJECTIVE	STEP 1	STEP 2	STEP 3	STEP 4	STEP 5	STEP 6	STEP 7	STEP 8	STEP 9	STEP 10	STEP 11	STEP 12
1	Compare and classify geometric shapes, including quads and triangles, based on their properties and sizes	Relate number of angles and sides associated with triangles;squares;oblongs;circles											
2	Count in multiples of 6, 7, 8, 9, 10, 25, 50, 100 and 1000 from any given number.	Can you count on and back in 100s from 0 to 1000?	Can you count on and back in 10s from any given number between 0 and 10,000?	Can you count on and back in 100s from 0 to 10,000?	Can you count on and back in 50s from 0 to 1000 starting at any given number?	Can you count on and back in 25s from 0 to 1000 starting at any given number?	Can you count on and back in 9s from 0 to 1000 starting at any given number?	Can you count on in 8s from 0 to 1000 starting at any given number?	Can you count on in 7s from 0 to 1000 starting at any given number?	Can you count on in 6s from 0 to 1000 starting at any given number?			
3	Find 1000 more or less than a given number	Can you find 100 more than any 3-digit number?	Can you find 100 less than any 3-digit number?	Can you find 100 more than any 4-digit number?	Can you find 100 less than any 4-digit number?	Can you find 1000 more than any 4-digit number?	Can you find 1000 less than any 4-digit number?	Can you find 1000 more than any 2 or 3-digit number	<b>Round any number to the nearest 10, 100 or 1000.</b>	Can you round any number up to 100 to the nearest 10?	Can you round any number up to 1000 to the nearest 10?	Can you round any number up to 1000 to the nearest 100?	Can you round any number up to 10000 to the nearest 1000?
4	Read and write numbers to at least 10,000	Can you remember how to write all numbers up to 100 in numerals and in words?	Can you remember how to write all numbers up to 1,000 in numerals and in words?	Can you write all numbers in numerals up to 5,000?	Can you write all numbers to 5,000 in words?	Can you write all numbers in numerals up to 10,000?	Can you write all numbers in words up to 10,000?		<b>Order and compare numbers beyond 1000</b>	Can you work out which of two 4-digit numbers is the greater and smaller?	Can you order a set of 4-digit numbers from smallest to largest?	Can you order a set of 4-digit numbers from largest to smallest?	
5	Recognise and write decimal equivalents of any number of tenths and hundredths	Do you know that 1/10 is 0.1?	Do you know that 6/10 is 0.6?	Do you know that 0.01 is 1/100?	Do you know that 3/100 is 0.03?		<b>Compare numbers with the same number of decimal places up to 2 decimal places</b>	Given 3 numbers with one decimal place, eg. 34.2, 45.7, 12.8, can you work out the smallest and largest number and put them in order?	Given 3 numbers with two decimal places, eg. 15.67, 19.56, 12.78, can you work out the smallest and largest number and put them in order?	Given a set of numbers with either 1 or 2 decimal places can you put them in order of either largest first or smallest first?			
6	Identify acute and obtuse angles and compare and order angles up to two right angles by size	Do you know how to describe an acute angle?	Do you know how to describe an obtuse angle?	Do you know how angles are measured?	Can you compare angles by size?								
7	End of term assessment using pre-learning tests Spare time to be used looking at lost learning / misconceptions
