

Grange Primary School

Sports Funding Grant Spending and Impact Information 2015-2016

It is for schools to decide how the Sports Grant Funding is spent. However, they are accountable for their use of this funding. From April 2013, schools are required to publish online information about how they have used the Sports Funding. Schools must spend the additional funding on improving the provision of Physical Education and School Sport, including healthy living.

Possible uses for the funding include:

- hiring specialist PE teachers or qualified sports coaches to work alongside primary teachers when teaching PE
- new or additional Change4Life sport clubs
- paying for professional development opportunities in PE/sport
- providing cover to release primary teachers for professional development in PE/sport
- running sport competitions, or increasing participation in the school games
- buying quality assured professional development modules or materials for PE/sport
- providing places for pupils on after school sport clubs

The total amount of sports premium funding received by the Grange primary school in 2015-16 was £9070

The total amount we spent on sport was £9070

Activity	Cost	Impact
<p>Sports coaching We use a local coaching company to provide sports coaching across the school. Children in all our classes in 15-16 received high quality sports coaching for one lesson a week with their class teacher leading the other PE lesson each week.</p>	<p>Jonny Hughes Total over the year £5850</p>	<ul style="list-style-type: none"> • Pupils have received high quality coaching from specialist instructors who are passionate about sport and are therefore more able to inspire pupils than many teachers would be. • They have also brought in their own specialist equipment which has improved the quality of provision. • Often two members of staff are provided and can work with small groups to develop skills. • Specialist knowledge of sports has meant that pupils have learned correct rules and have had the opportunity to practice skill in supervised matches.
<p>After school Sport Clubs We subsidise the costs of a sports coach to run – 3hrs a week</p> <ul style="list-style-type: none"> • Basketball • Multi skills club KS1 club and KS2 	<p>Simon Evitts £825</p>	<ul style="list-style-type: none"> • 30% of our pupils have attended heavily subsidized after school sports clubs which has meant that they have had additional opportunities to exercise and keep healthy as well as to develop a love of sport. • It has also meant for some pupils that they have had something productive to do after school which keeps them out of potential trouble. We have also seen improved coordination many of our younger children who attend these clubs.
<p>Area Athletics Competitive athletics event against other local schools on a real track. 20 children took part from KS2.</p>	<p>£150</p>	<ul style="list-style-type: none"> • Pupils got to experience running on a real running track • To improve the quality of teaching of PE • To further extend a competitive element to the PE provision • To provide additional opportunities for Gifted and Talented pupils
<p>SSLFA Football Tournament Competitive tournaments held at the sports village after school</p>	<p>£160</p>	<ul style="list-style-type: none"> • To further extend a competitive element to the PE provision • To provide additional opportunities for Gifted and Talented pupils
<p>School Games A groups of PP pupils, vulnerable pupils and pupils with low self-esteem went and tried new sports and activities</p>	<p>£170</p>	<ul style="list-style-type: none"> • Pupils had the opportunity to try new sports and activities that they might not have had the opportunity to try before • Activities helped develop more confidence and self-esteem which these pupils would benefit from

Transport to sporting events	£150	<ul style="list-style-type: none"> • Pupils arrive safely and on time to all sporting events
Swimming Y3 & Y5 10 sessions each Coach travel Lifeguard and pool hire	£2970	<ul style="list-style-type: none"> • Pupils learn a key skill, drowning is still one of the most common causes of accidental death in children, so being able to swim is an essential life-saving skill. • Swimming keeps pupils heart and lungs healthy, improves strength and flexibility, increases stamina and even improves balance and posture • Pupils enjoy swimming
Equipment – tennis balls, ropes, mats etc.	£200	<ul style="list-style-type: none"> • Some of our basic PE stock was somewhat depleted which meant that children were having to share equipment and therefore wait too long in lessons to develop skills that required a specific piece of equipment such as a tennis ball. • The impact has been that PE lessons have involved more of the children more of the time in skills development rather than just fitness activities while they wait. • This will remain a priority in the coming year as we continue to build up stock.
Total	£10 475	<ul style="list-style-type: none"> • Overspend of £1405
