28 November 2016

Dear Parent / Carers

Please find attached a letter about media and schools. This letter has been prepared as a Wokingham wide letter for schools to share with parents. This does not mean that we are currently experiencing negative media issues here at Addington.

It is, however a situation other schools have found themselves in and therefore a good reminder for all of us about appropriate and safe use of media.

Our pupils in particular, do need support and guidance with this aspect and we do work closely with you if things get a little difficult.

Please continue to talk to us about issues which arise, internet related or otherwise.

Yours sincerely

Liz Meek
Headteacher
