

Objective	Milestone Indicators	Basic Activities	Advanced Activities	Deep Activities	Resources
<p>Milestone 3</p> <p>To design, make, evaluate and improve.</p>	<p>Milestone 3</p> <p>Design with the user in mind, motivated by the service a product will offer (rather than simply for profit).</p>	<p>Children plan and design their photograph frame on Worksheet 4A.</p>	<p>Children plan and design their photograph frame on Worksheet 4B. Encourage children to use exact measurements and give specific details about how they will construct their photograph frame.</p>	<p>Give children a sheet of A3 paper each and place a set of Question Cards on each table. Children design their photograph frame on the sheet of paper, then annotate it using the answers to the questions on the Question Cards to ensure they have thought of everything they need to. Encourage children to use exact measurements in their design.</p>	<p>PowerPoint slides Worksheets 4A/4b A3 Paper Question Cards</p>

<p>Milestone 3</p> <p>To design, make, evaluate and improve.</p>	<p>Milestone 3</p> <p>Ensure products have a high quality finish, using art skills where appropriate.</p>	<p>Children work with support to create their photograph frames according to their designs. Support children in following their plans and with creating a stable structure.</p>	<p>Children work with prompts to create their photograph frames according to their designs.</p>	<p>Children work independently to create their photograph frames according to their designs. Ensure children work with accuracy and precision and that their finished product is of a high quality.</p>	<p>PowerPoint slides Designs from last lesson Pipe cleaners Paper and card Glue, scissors, paper clips, sticky tape etc Items for decoration (e.g. paints, beads, glitter etc)</p>
