

My name is Sarah and I have been a Governor for 6 years.

I started as a Parent Governor as I hold an interest in supporting the school to develop all areas for children to be happy, confident, achievers both in the short and long term.

I hold an interest in ensuring the children's social and emotional needs are met and I have taken on the role of the Safeguarding Governor.

Outside of my Governor role I enjoy horseriding, dog walking and spending time with family.
