

# Lindley Junior School

Head Teacher: Mrs C M Jubbs, BA (Hons) QTS, NPQH, LLE

Dear Parents/Carers

1<sup>st</sup> February 2017

Our annual Science week is nearly upon us and this year we are once again hosting a week full of more fun and engaging activities. These activities will help us to not only promote how the children's learning is relevant to the real world, but also the career opportunities that can be linked with science.

In order to extend the children's understanding of science, we have arranged for each class to participate in a Forensic Workshop run by 'Education Group' on Wednesday 15<sup>th</sup> March and Thursday 16<sup>th</sup> March 2017.

'Education Group' run detailed, fun, hands-on Forensic workshops that allow children to practice Key Stage Two Science skills. The workshop will recreate a crime scene and it is the responsibility of each class to work together to piece together the evidence. Clues and evidence must be identified, collected, interpreted and analysed.

The total cost of the workshops for 2 days is £1060. This is an expensive but we believe very valuable opportunity for all our pupils. The school would greatly appreciate a parental contribution of £2 per child, to help fund these exciting workshops. This payment can be made through the Parentpay system.

Please complete the form below indicating your child's name and the amount that you are willing to contribute and return to school by **Tuesday 7<sup>th</sup> March 2017**.

Many thanks for your continued support.

Yours sincerely,

Mrs L Hill  
Science Leader
