Dear Parents

If you are an avid reader of the Parish News then you will be aware that the community is attempting to create a parish recipe booklet.

Homework for next week for the whole school is to research family recipes.

Have you got a 'faithful' recipe that never fails, one that has been passed down and adapted over the generations, a story that goes alongside this? If so then these are most definitely the ones that we want!

Your child can bring in a copy of the recipe and ideally be able to tell us a little bit about it in a special circle time that we will hold. They can bring in a photocopy, one that they have written out themselves (KS2) and if a photocopy added decoration by them will make it more enticing!

On Tuesday 7th March Mr Anley and his club will be holding a cup of tea and 'scanning' opportunity in the school. You are welcome to drop in for a cup of tea (served by club members) and have a chat about the recipes. A scanner is available if you wish to make a copy.

Children will then create a newly designed version, with the old recipe in the middle and a brief summary if there is a story, which will be entered for the Community Recipe Book. We will send the copies home prior to them being submitted to ensure that you agree with what your child has done.

We feel this is a lovely way to be involved within the local community and are very happy that we were asked.

We look forward to seeing you soon

Best Regards

Miss Lindsay

Headteacher Miss Emma Lindsay
