### **Dr. Catherine Bennett**

Catherine has lived in the parish for the past twenty years having grown up there as a child. She has a long association with the school having attended as a child, as did her son. She qualified in 1982 MBChB Liverpool University. She has been a foundation governor for seven years and her particular interest is in the curriculum and standards.

### **Tony Charnock**

Tony has lived in the parish for 40 years. His 6 children attended the school as do his grandchildren. He was a headteacher of a catholic secondary school for over 25 years and as a Diocesan Officer in the Schools Department of the Liverpool Archdiocese he was responsible for Governor Training and for primary and secondary schools across the archdiocese. He has been Chair of Governors of two other schools. In 2004 he received an OBE for services to education.

### **Claire Griffin**

Claire taught at St Anne's Catholic Primary School in Leyland before leaving to have her family. She taught at St Mary's in Chorley where she was Deputy Headteacher and Acting Headteacher before becoming Headteacher at Our Lady and All Saints Catholic Primary School in Parbold. In 2013, the school was judged to be outstanding in all areas under her leadership. She enjoys spending time with her family and cruising on the Leeds and Liverpool Canal.

### **Sue McCluskey**

Sue has been a parishioner of Our Lady and All Saints for many years. Her four children attended Our Lady and All Saints School. Two of her grandchildren are now pupils, while another attends Little Saints. Sue has considerable experience in primary education; she was headteacher at Burscough Methodist Primary School, before moving to be headteacher at St Mary's Catholic Primary School, Chorley. Following her retirement from headship, she moved to her current post with Lancashire Governor Services as governing body adviser. She also worked as a School Improvement Partner with primary schools in Knowlesley.

### **Dr Joanne Williams**

Joannes trained as a mathematical modeller and now works as an academic scientist researching sea-level rise. She is an expert in problem solving and the rapid understanding and synthesis of complex issues. Her scientific skills include the analysis and presentation of data to a range of audiences. She has a long-standing interest in science education at all levels, with experience in HE teaching. She is a member of the Parbold Tree Wardens and Newburgh Morris dancers.
