

*Parents/Carers Feedback on the
Home Learning Project
Autumn Term 1
Great Britain or United Europe*

1. What your child has/hasn't enjoyed about their topic?

- She explained her work very well and read clearly so the other children in her class could understand and can ask questions. They learnt interested facts and information.
- Working together as a family is always fun. Also, we enjoyed learning a new subject.
- He was good with his project work. He also presented it well.
- Very confident with his presenting and executed it very well.
- It was good to explore the 'Brexit' topic with ISIS and for her to understand the basic terms of what it means. We also enjoyed researching the project and writing a questionnaire.
- He explained his project good. All the information he shared was all interested about Great Britain, where the children ask a lot of questions.
- Class teacher helped with PowerPoint.
- Owyn did a lovely presentation, he was very nervous about talking in front of the class. It was really nice to have a project that we could work on together, Owyn used google and an atlas that he got for his birthday to do his research.
- Really enjoyed the project topic and Isis learnt a lot about Brexit and research. I was also pleased that she presented the project by herself. She was clear and showed she had learnt a lot about Brexit.
- Javan gave presentation with class teacher.
- Charlie enjoyed doing the project.
- She presented her project well.

2. What other family learning mornings would you like to see?

- Reading books with children. Baking cakes with our children.
- Under the sea.
- Group sessions with children working in teams to present work they have created together.
- Thank you for adding the end time to the sessions, it was really helpful.
- Reading with your children, making cakes.
- Great Britain or United Europe presentation and PowerPoint clear and informative.
- The school has chosen great subjects.– thanks .

3. Ideas/Suggestions

- Under the sea topic.
- It would be good if the school could continue with this programme.
- Charity work, what's happening in and around the community.

4. How can we help you with your child's learning?

- By having class or a session about how to do your project and offer help.
- By giving him more work to do at home.
- By having a class on how to projects.
- By sending home books related to the subjects.
