10th March 2017

Dear parents and Carers,

As I'm sure your children will have told you, next week is science week and we are very excited! The children will be taking part in a range of experiments from erupting volcanoes and making slime to making instant ice cream!

We would like to share with you all our amazing science investigations and give you the opportunity to vote for your favourite experiment. Next week, on Friday 17th March, we will be holding a free science fair at 2pm in the school hall. You will be able to pick your child up at 2pm from their classroom and go and enjoy all their science work as well as voting for the best experiment!

This week, especially for science week, we will be holding a gadget shop every day during playtime. There are lots of fantastic science gadgets and toys for the children to buy that range from 10p to £1.50. We will be selling these cool science gadgets every day this week and will hold our final gadget shop at the science fair on Friday.

We hope to see you there!

Yours sincerely -

Miss Kerwright
Science Champion
