

Summer Term 1 2017

Year 1 Newsletter

Dear Parents,

Welcome back! We hope you had an enjoyable break.

This half term in Year 1 our history topic will be all about 'The Royal Family,' how their role has changed over the years and why they are still very important to our country. Could you please share any television, newspaper or magazine articles you might see about the Royal family with your child to help them become more familiar with them.

As we are well into the growing season, science lessons will focus on planting and growing seeds and how we need to look after them to ensure they provide food for us. Year 1 have been given their own planting bed in the school garden and we will be planting, growing and taking care of a range of seeds.

Please make sure your child has shorts, a t-shirt and a pair of pumps or trainers for outside P.E every Tuesday.

We thank you for your support with your child's learning this year and ask you to please continue to read with your child and help them with their spellings. If you have any questions about the work we are doing in Year 1 then feel free to come and talk to us.

Please remember it is important that your child attends school every day and is also on time. We encourage you to bring them to 'early bird'. If your child is unwell and unable to attend please let the school know the reason for their absence. As the weather heats up please ensure that your child has a named sunhat and a plastic bottle in school to enable them to have a drink of water.

Thank You for your continued support,

Year 1 Team
