

Moorside Infant & Junior Schools
Parents' Evening Questionnaire 26 & 27 April 2017

The Governors of both schools are pleased to be able to share the results of these questionnaires with you. The questions were taken from the Ofsted Parent View website and your responses have given the Governors a valuable insight into how the parents / carers feel the schools are progressing.

Infant School Results

The school staff and Governors are committed to improving all aspects of the school and this work has been recognised in the majority of the responses. Overall, these results show that, in the main, children are happy, feel safe and make good progress. The school has a strong and effective leadership team which this survey has recognised. This year has seen a lot of change but it is clear from these results and the views of external and Local Authority advisors that the school is now 'on the right track'. There is still work to do and the next academic year will show further improvement and stability. Finally, a vast majority of parents and carers would recommend our school to another parent.

Junior School Results

Thank you to all parents who completed the questionnaires, we are pleased to receive such positive feedback. The staff and governors remain committed to the continued improvement and development of the educational provision at Moorside Junior School and we are very encouraged by the views parents have expressed. The continued support of parents is much appreciated.
