Other Comments:

- I feel things could be a bit more positive & fun for the children. I sometimes feel they miss out because of the less well behaved ones.
- More written homework please x2
- Spellings weekly is great. Abacus is wonderful. Termly homework I disagree with. Weekly homework would encourage and push further, I believe.
- Disappointing that my child has had so many teachers since September
-has always enjoyed coming to school and always comes out happy. This is a credit to the teachers and makes our lives as parents much easier!
