

Cycling Event

29/03/2017

Ten children from Hillside went to Kirkburton Middle School to take part in a cycling event. Huddersfield Star Wheelers, alongside Linda Stacey from SPIN ran the competition. The off road course was challenging, especially the first hill where many children had to jump off their bikes and push them up it. The first event was a time trial round the course, each child was timed to see how quickly they could get round. The second event was a relay race with the children split into teams of five, each riding around the course before the next member set off. All of the children loved their experience and hopefully some may even join the Huddersfield Star Wheelers club.

A big thank you has to go to both the members of Huddersfield Star Wheelers for organising the event and to Linda Stacey for providing our children with bikes and helmets.
