

# Year 3 Newsletter

Date: 9th June 2017

Teachers: Miss Wilkinson

Issue: 6

Dear Parents/Carers,

I cannot believe that this is our final few weeks together! Having said that, we have such a busy time ahead of us. We are looking forward to our visit next week to Austerfield where we are hoping to find out more about sources of water and the life around them for our Flow topic. Let's just all keep our fingers crossed for good weather!

The Flow topic this term will see us finding about different rivers from around the world and how they are created. Again, I must thank all of those of you who supported the children with their Topic challenges over the holidays—these are always a great starting point for our discussions in the first Topic lesson.

In **English**, the children will be continuing to develop their skills within a range of different genres. We will be using writing poems that include personification based on 'The River' by Valerie Bloom and we will write a journal about a journey down a river.

In **Maths**, new areas of learning will be covered each week. This term these areas will include measuring mass and volume, as well as covering statistics, in particular pictograms and bar charts.

## Reminders:

**PE** - Y3 will have PE on Wednesday and Thursday (Please remember correct PE kit including outdoor kit and trainers for all PE sessions. For those that wear ear-rings, these should be removed on PE days and if they can't due to them being put in recently, they should be covered with tape.)

**Home learning tasks** - Your child will continue to receive a variety of home learning tasks throughout the half term to consolidate and further learning. They should also be encouraged to read at home each night independently or with an adult.

Thank you for your continued support.

*Miss Wilkinson*
