Memorial garden area for former pupil – Aiden Byrne

We are creating a memorial garden area, near the entrance to the playground, in remembrance of Aiden Bryne. It is just over a year since he passed away and we talked about the garden in a recent assembly where many children demonstrated that they remembered Aiden and his fun personality very well.

The area is gradually being re-barked and bordered. We hope everyone enjoys looking at this area and we ask for everyone's support in ensuring it is well respected.

Over the coming few weeks we will be creating a nearby pathway across the other barked area for use by Classes 5 and 6, but for now we ask everyone to walk round on the pathways. Many thanks.

Ice pops

From Wednesday onwards, we will be selling ice pops at the lunchtime break. Children will be able to buy one a day for 20p if they wish.

Summer weather

Please could parents remember in this warmer weather to ensure children bring water bottles, sun hats and sun cream. Children should be able to apply sun cream themselves.

Many thanks,
Mr Jones
