Subject: St Mary's RC Primary School - Hot weather conditions

Dear Parent/carers

With the rising temperatures this week St Marys will do all we can to minimise risks to the children in our care.

School uniform will be relaxed with 'no ties', top button undone and shirts untucked until further notice.

Please ensure your children have plenty of water on coming into school and we will ensure drinks are available at break times.

Sun lotion and hats are a must.

We will endeavour to keep children in the shade when possible and offer them the option to stay in.

We will keep an eye especially on younger children and those who are obviously getting very overheated.

Lets enjoy the sunshine safely.

Kind regards

Mrs Wembridge
