

Little Darwins Nursery Name a Brick Order Form

(this order form is intended for the purpose of ordering a maximum of 2 bricks for personal names only)

Help to raise funds for our play loft and sensory room and leave your personal mark on our nursery! Little

Darwins were not successful with our grant application but would love to install a play loft and sensory room in the nursery. These new facilities will provide a creative play area with a space for quiet reading and also a new sensory room where our children can explore sight, hearing and touch where they can develop these skills.

You can help the school by donating towards this extension. For a minimum donation of £30, we will engrave your name upon a brick. And for £50, we will engrave two bricks. And if you can give more, then great! The brick slips measure 210mm x 105mm and take up to two lines of inscription of 16 characters each. The lettering is professionally engraved with a long-lasting coloured infill. If you have any queries, please contact the nursery by email on office@littledarwins.co.uk

Terms and Conditions

- All bricks remain the sole property of Little Darwins Nursery. These bricks will be installed at the entrance to Little Darwins Nursery for the foreseeable future. In exceptional circumstances, Little Darwins Nursery reserves the right to move or relocate the bricks without liability
- In their pursuit of correctness and uniformity, Little Darwins Nursery reserves the right to approve all lettering and ask for any unsuitable inscription to be amended.
- Every effort will be undertaken by Little Darwins Nursery to reproduce every inscription set out on the order form. Amendments necessitated by an error on the part of Little Darwins Nursery will be made free of charge.
- Although of excellent quality and designed to last, bricks may become worn or damaged over time owing to natural causes. No liability can be accepted for this by Little Darwins Nursery.
- Bricks are manufactured to British Standards specifications for size, dimensions, strength, shape, porosity, etc. Colour and texture can vary slightly due to batch processing techniques but such variances are subject to compliance with industrial tolerances.
