

# Miss Ward Year 1 Teacher

## My Family

I have an amazing family who share a passion for sport particularly hockey. Our family's connection to Doncaster Hockey Club goes back over 100 years and my dad has just finished four years as the President of the club.

I always wanted to be a teacher, which is not really surprising as I am the 3<sup>rd</sup> generation in a family of teachers. When we used to go out for dinner my aunt and I were never allowed to sit together as all we talked about was school.

My mum has passed on to me a love of guiding which has enabled me to travel the world, seeing such places as the Taj Mahal in India, the Himalayas; the Golden Temple in Japan and having a snowball fight at the top of the Jungfrau as well as visiting Brodsworth Campsite!

I have inherited a love for Cornwall. As a family we have visited the Lizard Peninsula many times and it now feels like going home. I like nothing more than sitting on Coverack harbour eating a Roskilly's Ice-cream watching the world go by.

## Fun Facts

One of my favourite places is Kyoto in Japan.

I'm really a Snowy Owl (Well that's what my Brownies called me.)

I love Maths.

I adore sport – I often get told off for shouting too loudly at the television!

My favourite line is 'I'm not competitive' (well...maybe just a little)

And then there is my addiction to handbags – any size, any colour, any shape.

## My Hobbies

I enjoy reading, especially American crime novels and I still find children's books enjoyable.

I love going to the theatre to see plays and ballets but particularly musicals. We have a family quiz team and compete weekly – we are currently going through a good patch.

In the winter, come rain or shine, I support the hockey first eleven.

In my spare time I really like SLEEP!
