The Furze-Warren Hard Federation

The Governors of the Furze – Warren Hard Federation and the staff of Warren Junior School and Furze Infants School aim to promote equality in our policies and procedures and, most importantly, in our day-to-day practices and interactions with the whole community.

1. Introduction

The Single Equality Scheme brings together the Hard Federation's approach for promoting equality in our policies and procedures and, most importantly, in our day-to-day practices and interactions with the whole community.

Our scheme includes students, staff, governors, parents, carers and all those within our extended community.

We acknowledge that it is very important for us all to work together in achieving our aim of being fully inclusive and accessible and ultimately in providing a quality learning experience for our children and young people.

It is important to us all that we are happy at school, have lots of friends and have lots of opportunities to learn in different ways.

To be monitored, reviewed and amended as appropriate to meet legislation.

2. Our Scheme

Our Single Equality Scheme (SES) and Action Plan cover a three-year period from 2015 to 2018 and will be reviewed and amended annually. It integrates our statutory duties in relation to race, disability and gender and promoting community cohesion. The duties cover staff, students and people using the services of the school such as parents.

It also addresses the Employment Equality Regulations relating to religion or belief, sexual orientation and age and therefore includes our priorities and actions to eliminate discrimination and harassment for these equality areas. Our Single Equality Scheme and Action Plan enables us to achieve a framework for action which covers all six equality strands and ensures that we meet our responsibilities of the public sector duties in an inclusive way.

We will continue to meet our statutory duties by reporting annually on the progress of the Single Equality Scheme and action plan. This will be reviewed by Governors and will cover activities undertaken in relation to the six equality strands and promoting community cohesion.

3. Policy Statement

1. The Furze-Warren Hard Federation acknowledges and welcomes diversity among students, staff and visitors.
2. We do not discriminate against anyone, be they staff or students, on the grounds of their sex, race, age, colour, religion, nationality, ethnic, national origins or physical or mental abilities.

3. We promote the principles of fairness and justice for all through the education that we provide in our School.
4. We ensure that all students have equal access to the full range of educational opportunities provided by the School.
5. The School is opposed to all forms of racism and xenophobia, including those forms that are directed towards religious groups and communities.
6. We respect the religious beliefs and practices of all staff, students, parents and carers and comply with all reasonable requests relating to religious observance and practice.
7. We ensure that all recruitment, employment, promotion and training systems are fair to all, and provide opportunities for everyone to achieve.
8. We will make reasonable adjustments, when required to, in order to: increase access to the curriculum; improve access to the School building; and improve delivery of information.

Under the statutory duties all schools have responsibilities to promote race, disability and gender equality.

Race Equality

The general duty to promote race equality means that we must have due regard to:

1. eliminate unlawful racial discrimination
2. promote equality of opportunity
3. promote good relations between people of different racial groups.

Disability Equality

The general duty to promote disability equality is owed to all disabled people which means that we must have due regard to:

1. promote equality of opportunity between disabled people and other people
2. eliminate unlawful discrimination
3. eliminate disability- related harassment
4. promote positive attitudes towards disabled people
5. encourage participation by disabled people in public life
6. take steps to take account of disabled peoples' disabilities, even where that involves treating disabled people more favourably than other people.

The disability equality general duty reinforces the reasonable adjustment duties of the Disability Discrimination Act (DDA). In particular, it complements, and in some cases overlaps with, the anticipatory duty to make adjustments.

There is also specific disability legislation in relation to Special Educational Needs and accessibility which means we must plan strategically over time to:

1. increase access to the curriculum
2. make improvements to the physical environment of the School to increase access;
3. make written information accessible to students in a range of different ways

Gender equality

The general duty to promote gender equality means that we have due regard to:

1. eliminating unlawful discrimination and harassment and
2. promoting equality of opportunity between men and women, girls and boys.

The duty also includes the need to consider actions to address the causes of any gender pay gap. However, the Governing Body considers that this has been addressed through the implementation of the Local Authorities conditions of employment and the unified conditions and pay for school teachers.

Transgender

Transgendered people are explicitly covered by the gender equality duty. The term transgendered refers to a range of people who do not feel comfortable with their birth gender. The school will respect the confidentiality of those seeking gender reassignment and will provide a supportive environment within its school community.

Community cohesion

We also have a responsibility to promote community cohesion, developing good relations across different cultures, ethnic, religious and non religious and socioeconomic groups. We have incorporated our priorities into our Single Equality Scheme and Action Plan to make it easier to monitor our progress and performance in meeting our objectives.

Age, sexual orientation, religion and belief

Although there are no equivalent promotional duties in relation to age, sexual orientation and religion or belief, we must ensure that we do not discriminate on these grounds. This Scheme includes our priorities and actions to eliminate discrimination and harassment for these equality areas.

In meeting the duties described above will mean that all our actions will embody the Hard Federation's key principles and values, which includes the following:

- We strive to make the best possible provision for all pupils / staff regardless of disability, ethnicity, culture, religious belief, national origin or status, gender or sexual orientation.
- We respect diversity. We know that treating people equally is not simply a matter of treating everyone the same. We have adopted the following Inclusion Statement that inclusion is: "The process of taking necessary steps to ensure that every young person is given an equality of opportunity to develop socially, to learn and to enjoy community life."

This means that we do our best to make reasonable adjustments for disability, recognise and celebrate cultural differences, and understand the different needs and experiences of boys and girls.

- We know that equalities are not simply about protecting the potentially vulnerable. We believe that all children may be disadvantaged by the holding of prejudicial views, and seek to promote good relationships between all groups, and positive attitudes towards disabled people, people from different ethnic or cultural groups or faith backgrounds and people of different gender or sexual orientation.
- We value staff for their ability and potential to help us make the best possible provision for the children in our School, regardless of disability, ethnicity, culture, religious belief, national origin, gender or sexual orientation.
- We are proactive in our efforts to identify and minimise existing barriers or inequalities.
- We seek the views of all groups affected by the policies and work of our School, and try to involve them in policy review.
- We recognise our role in promoting community cohesion, and actively encourage the participation in public life of all learners in our School.
