Summer building works!

You may notice that we have had extensive repair and maintenance works carried out over the Summer holidays. The exteriors of the Key Stage 1 huts have been renovated and internal redecoration works to parts of the main building. A new perimeter fence around the staff car park has been erected to improve safety for pupils, parents and visitors using the path alongside Year 5 huts. In addition, a new main entrance has been created in Bentham Road, adjacent to the Year 5 huts and right next to the Crossing Patrol. This will now be the main entrance for all parents, and visitors to use when the gates are closed after the start and before the end of the school day.

A new intercom system will be installed which includes a video screen that can be viewed by the office, this will help to improve safety to the school site. The entrance to the staff car park will soon be fitted with gates to further improve safety and to deter pedestrians using the car park as a 'cut through' to the office. Our nursery classes have been amalgamated to create one class of Sparrows AM and PM, which creates a space for Mrs Rowe, our Inclusion Manager to have a separate office with waiting area, with access via a new door to the left of the main office entrance.
