

'Believe, Achieve, Succeed'

In 2017/18 we would like to:

- Make sure everyone at Hillside has a growth mind-set and 'Believes, Achieves and Succeeds'
- Widen pupil's vocabulary and the range of books they read continuing to improve reading skills and attainment,
- Improve outcomes and progress for pupils through accurate assessment and rigorous tracking of attainment and progress
- Continue to develop collaborative working with families, local schools and other providers in the Castle Community Hub to make sure all children and families have high aspirations and have their needs met early
- Continue to develop pupils' growth mind-set, attitudes to learning, resilience, independence, and involvement in school life and decision making

At Hillside Primary school we believe everyone in our school community can achieve and succeed.
