

Year Five Football

19/09/17

Hillside entered a team into a year five football tournament, held at Newsome High School. The team played really well, running out eventual winners of the game. All seven children contributed to the result with great saves, good passing and a stunning free kick. The event helped the children improve their skills and also encouraged the children to use the space that a bigger pitch allows. They came away enthused about football, wanting to play more games.
