

Year Three and Four Hockey Festival

21/09/17

Children from Hillside had their first taste of Quiksticks hockey. Held at Rowley Lane School, organised by SPIN, about forty children attended the event from three different schools. So all of the children were able to make new friends and learn together. As the year five event held on Monday, the children learnt how to hold the stick correctly before engaging in different activities to help with their skills. They then took part in games that enabled them to use those skills. Everyone involved had a fantastic evening and all of the children wanted to continue playing.
