

Burley
Woodhead
Adventure
Scouts

Is your child ready to get out of their comfort zone and work together as part of a team to achieve great things and solve real problems? In Year 3 during the Autumn term, your child will become a Burley Woodhead Adventure Scout and an expert in team work and facing whatever challenges come their way. They will journey along Hag Farm Road in order to survey and collect scientific data about woodland habitats. All of this will prepare them for a dramatic mission to the depths of the Amazon Rainforest to help the local people solve major problems of their own. Does your child have what it takes to earn adventurer badges, develop their skills, and use their knowledge to make the world a better place?

PE- Dance

Choreograph and learn the dance of the Rainforest

Geography

Human and Physical Geography of South America, tropical biomes and local climate and environment

Compare what it is like where we live with the River Amazon, its Rainforest and people. Conduct fieldwork, read maps and chart un-

Science

Investigate plants, animals and magnets so that you have the 'lowdown' on all things adventurers need to know. Complete adventure scientist 101—observe, collect, compare and describe, measure, classify and group.

Computing

Internet research and coding—find out all you can about your next mission before and set up a Rainforest rainfall simulation.

Burley Woodhead Adventure Scouts

Art/DT—Sewing

Design and sew an adventurer tool bag to transport your mini adventurer mobile writing kit

PSHE—Me and Relationships

Forming, Storming, Norming and Performing. What does it take to build a team of adventurers who are ready for anything?

Drama

Confront BIG ISSUES and become a 'Guardian of the Rainforest'

Global Learning

Sustainability

Is it OK to chop down the Rainforest to build houses, roads and farms?

Trips and Enrichments

Explore Hag Farm Road and put your training into practice

Prepare for the tropics at Tropical World

Burley Woodhead Adventure Scouts

Outputs—some, but not all (there are too many to mention and some cannot be planned for!)

Become a fearless and intrepid Adventure Scout. Complete team building games and collect all your Adventure Scout badges to add to your Adventure Scout t-shirts.

Save the Rainforest! Plan enterprise events to buy and protect an acre of Rainforest

Keep your own adventure journal and write your own adventure stories. Create your very own nature guide about your favourite plants and animals to add to the Adventure Scout library

Further Adventures in the Autumn term

RE

Introduction to Sikhism. What is the Amrit ceremony? How is community and belonging important to Sikhs.

How and why do Christians celebrate Christmas? What is a Mexican Posada and what has it got to do with Christmas?

PE

Hockey and multi-sports games

Burley Woodhead Adventure Scouts

At home you could talk about:

The climate and physical environment of Burley in Wharfedale and the Yorkshire Dales
Where the Amazon Rainforest is and how life there is different to life in Burley
What different tribes in the Amazon Rainforest do

You could go on an adventure to

Otley Chevin, Malham Cove, and Bolton Abbey and talk about the physical environment including rivers, woodland and limestone scenery
Visit the library to find books about the local area and the Amazon Rainforest.

You could write:

Fact files about a part of the Amazon
An adventure story about a journey down a river into a woodland or tropical rainforest
A postcard from the Amazon
An A - Z of West Yorkshire or the Amazon
Questions for a child living in the Amazon Rainforest

You could read:

Books about the local area or about the Amazon Rainforest
Stories set in the Amazon
Maps of the local area and of South America
Adventure stories by Bear Grylls or Anthony Horowitz. Read Journey to the River Sea by Eva Ibbotson

At home you could:

Paint or draw pictures of woodland trees and compare them to pictures of trees you could find in the Amazon.
Make a model of a river travelling from its source in the mountains to the sea.
Visit the woods and collect leaves, and seeds and use a book to identify the species of tree
Use the BBC weather app to look at the temperature of places in the Amazon Rainforest

You could watch and play:

Watch UP and see what going on an Adventure could do for you, young or old
The Octonauts—they have many great adventures and visit the Amazon Rainforest
Planet Earth II
