

Spiritual learning walk, Pamela Hall, Amy Higginbottom.

02/10/2017

This morning, I joined Miss Amy Higginbottom to take part in a Spiritual Learning walk during Class Worship time. I was really pleased with what I saw.

All classes were delivering the correct worship plans which had been coordinated by Miss Higginbottom. What was lovely though was how each class teacher had shaped it in their own way to make it interesting, exciting and reflective for their class.

From talking to you all this morning, I now know you have a good understanding of your half-term's theme *Generosity*. I was particularly impressed with the detailed explanations Year 3's gave me.

Throughout school, there was an air of calm and reflection. Each class set a great atmosphere for the different parts of the class worship.

I was very impressed by your reflection areas in the classrooms. I think it's wonderful that so many of you have work displayed on them which link to the value.

I would now like you all to think about how we can identify the Christian ethos within school during other times of the day.

I also think now is a great time to get involved with the planning and evaluating of Collective and Class Worship.

Pamela Hall
