Behaviour Policy

1. Behaviour Principles

Our schools are happy, welcoming, vibrant communities, dedicated to the following of Gospel values of love and forgiveness. We value each other and we value the work and efforts we pursue for the benefit of each other. Our Behaviour Policy reflects our mission statements, our caring, nurturing, extremely positive ethos and those behavior principles formed by our governing body, based on a strong emphasis of mutual respect and understanding. These principles are shared with and by pupils, staff and parents who have contributed significantly to this document.

2. Voluntary Home –School Agreement

In signing our Home-School Agreement, our parents are demonstrating their assistance in guiding our children to continue to respect the schools' mission statement and our school mottos. This agreement, between teachers, pupils and parents, underpins mutual support for our policies concerning behaviour

This behaviour policy is intended to help improve the already happy, caring and enthusiastic atmosphere that we have across the Federation.

3. School Behaviour – Our Aims

At the Federation we aim to encourage an atmosphere and environment whereby the children feel valued, safe and secure. This can be achieved when the children are enthusiastic, vibrant, happy and thoughtful and respect other people and their property.

This policy, consistently and fairly applied, will underpin the high expectations of behavior expected by all pupils at all times.

4. Behaviour and Sanctions

We want children to appreciate the benefits of positive behaviour, to be proactive in the composition of classroom rules (and sanctions) and to lead themselves towards a high standard of self-discipline.

In place are a range of options and rewards to recognise, reinforce and praise good behavior, and clear sanctions for those who do not comply with our schools' behavior policy.

Behaviour Policy

There are proportionate and fair responses which may vary according to pupil age, and any special circumstances affecting the pupil.

In certain circumstances, we will work with local agencies to assess the needs of pupils who display continuous disruptive behaviour.

5. Rewards

Good behavior and adherence to agreed rules is always to be praised and rewarded. The reward may be in many forms such as verbal praise, stickers, stars, certificates or a postcard home. Children are role models for each other and good behaviour will be shared within and between classes. This emphasises the importance of high expectations and raises the self-esteem of pupils.

Each week at assembly, a trophy and certificate is presented the "Child of the Week." This may be a reward for good behaviour or being a "good citizen" in school. Teaching staff may choose other forms of reward to acknowledge individual, group or class efforts in the form of extra playtime, "golden time" etc. Positive messages of behaviour are constantly reinforced at lunch times through praise, the award of stickers and DOJO points.

6. Our School Code of Conduct

We want all children to enjoy coming to school at the Federation, happy to learn and play in a nurturing, caring and supportive atmosphere.

Pupils must adhere to the following guidelines :-

Always remember to show respect.

Walk quietly around the school.

Always set a good example.

Treat others, their work and property with respect.

Always remember manners.

Be kind to each other.

Speak to others as they would like to be spoken to.

7. Consequences of Misbehaviour

When poor behavior is identified, in many cases the right word, at the right time, conveyed in the right way, may be all that is needed. However, sanctions

Behaviour Policy

should be implemented consistently and fairly. A range of disciplinary measures are clearly communicated to staff, pupils and parents

In case of misbehavior, the following will apply:

1. Children will be given a verbal warning, either by teaching or support staff as appropriate.
2. If the misbehavior continues during lunch time, for example, this will be shared with the child's class teacher.
3. Lunchtime supervisors must report to the class teacher at the end of each lunchtime, to inform of any behavior issues. The teacher will record any issues in the "Class Behaviour Book" and ask individual pupils to give their signature.
4. During lesson and other times, the child's name will be noted down in the Class Behaviour Book with a brief description of the misbehavior. The child will be asked to sign the account to show agreement of events. A repeat of the misbehavior and parents will be invited into school to discuss their child's behaviour.
5. It may, at this point, be decided that certain loss of privilege may occur.
6. Fighting, bullying, racist or homophobic comments will not be tolerated and the matter will be instantly referred to the teacher responsible (and Head of School as appropriate), to inform parents.
7. LA procedures for reporting racist or homophobic incidents will be adhered to and conducted by the Heads of School

It is essential that communication is open at all times, and teachers should arrange short meetings with parents as soon as issues with behaviour arise.

In some cases, an individual behaviour programme (or appropriate intervention) may be set up and parents will be asked to become involved in monitoring their child's behaviour. When behaviour programmes are to be implemented, parents will be invited to discuss this prior to their commencement.

8. Permanent or Fixed Term Exclusions

Should there be an instance of serious misbehavior, parents will be telephoned immediately and brief explanation as to why they are to be invited into school to discuss their child's behaviour. At the earliest convenience, a formal meeting will take place between the parents and Heads of School. Appropriate, proportionate action may be taken, including exclusion during lunch times or for a day / more than one day. This will be implemented by the Head of School or

Behaviour Policy

Executive Head Teacher. Parents will be given a formal letter stipulating reason for and nature of the exclusion and length of time.

Parents have the right to make representations about exclusions to the Governing Body as set out in DfE guidance on exclusions –“ Exclusions from maintained schools, Academies and pupil referral units in England.”

The Federation and Governing Body will follow procedures set out by the DfE in this document.

9. When children see misbehaviour

All children understand strategies in place when faced with difficulties:

- Speak to their own class teacher
- Find a friend /Buddy and tell them their concerns.
- Speak to an adult
- Go to their School Council Member for support.

10. Bullying Incidents - Procedures

This is a difficult and upsetting problem for all involved.

We define bullying as any persistent behaviour designed to hurt or upset another child. Isolated incidents where children fall out or quarrel will be dealt with through normal procedure.

The staff of the federation value and appreciate the strong support we receive from our parents. This good relationship can only work for the benefit of our children.

11. Prevention Of Bullying

Our mission statement, code of conduct, school-wide rules, and a bullying reporting system -these establish a climate in which bullying is not acceptable.

We have established a school culture of acceptance, tolerance and respect through our strong Catholic ethos. Continuous staff meetings, assemblies, class and parent meetings, interventions, newsletters to families and the school website establish a positive climate at school, reinforce positive social interactions and inclusiveness. We build bullying prevention material into the

Behaviour Policy

curriculum and school activities, timetabled through the school year. Our interventions and initiatives include Anti-Bullying Week, Philosophy for Children, SEAL, Think Yourself Great. Our staff are trained on the schools' rules and policies, giving them the skills to intervene consistently and appropriately.

We work with our pupils, to ensure they recognise the consequences of their actions, and are supported to change their attitude, behaviour, and the way they use technology.

Where bullying is suspected the following procedure will be followed:-

- Teachers will discuss this with all children involved, to assess the situation.
- Heads of School will carry out further investigations with all children
- Heads of School, with class teacher, will arrange meetings with parents of the victim and perpetrators.
- A record will be kept of all meetings with signatures from all involved.
- A resolve between the children will be sought. If appropriate, a pledge will be signed by children -for improved behavior towards others.

If bullying behaviour continues:-

1. Children involved will be closely monitored
2. Parents will continue to be closely involved.
3. Governors will be informed.
4. In extreme cases - sanctions of exclusions will apply.

12. Cyberbullying,

Cyberbullying, or online bullying, can be defined as the use of technologies by an individual or by a group of people to deliberately and repeatedly upset someone else. • Cyberbullying is often linked to discrimination, including on the basis of gender, race, faith, sexual orientation, gender identity or special educational needs and disabilities. Like other forms of bullying, cyberbullying affects self-esteem and self-confidence. Addressing all forms of bullying and discrimination is vital to support the health and wellbeing of all members of the school community.

Preventing cyberbullying

The Heads of School take overall responsibility for the school's work. Safeguarding and promoting the welfare of children is everyone's responsibility.

Behaviour Policy

All school staff are required to undertake regularly updated safeguarding and child protection training, which includes understanding, preventing and responding to cyberbullying.

Responding to cyberbullying

We will take action as soon as an incident has been reported or identified. This will include providing appropriate support for the person who has been cyberbullied; stopping the incident from spreading and assist in removing material from circulation; and working with the person who has carried out the bullying to ensure that it does not happen again. The person being bullied may have evidence of the activity and should be encouraged to keep this to assist any investigation. Appropriate disciplinary action will take place accordingly.

This document is the culmination of welcomed input from teaching staff, support staff, parents, PTA, governors and pupils. We always strive to work together for the benefit and of our children's wellbeing and all members of our school, community.

13. Scheduled Review

This document has been agreed by the Governors on 5th July 2017
This document will be reviewed July 2018
